EAST QUINCY PLUMAS DEDICATION COUNTY PLANS PROGRESS OUTLINED

Final plans were outlined Monday evening for the dedication program of the East Quincy Services District Water System during a special meeting. A committee headed by Judge Ray Berkeley met and discussed the program to be presented this Saturday 10:30am, Pioneer Plaza.

Principal speaker for the dedication program will be State Senator Stanley Arnold. Other guests for the dedication include Assemblywoman Pauline L. Davis, Doctor W. B. McKnight and Supervisor A. C. Donnenwirth. Master of Ceremonies will be Joe W. Crivello, County Supervisor of District V.

Starting at 10 o'clock Saturday morning Radio (KQCY) will present a special salute to the East Quincy Services District Water System and will broadcast, live and direct, the entire dedication ceremonies starting at 10:30. The KQCY TIMES this week is featuring a complete dedication program, articles on the East Quincy Service Water district are highlighted in this edition of the TIMES.

The speakers platform will be located in the Pioneer Plaza parking lot and equipment used in the construction of the water service will be on display during the dedication program.

SEARCH AND RESCUE ALERT

Reports of a lost hunter in the Walker Mine area resulted in a call from the Plumas County Search and Rescue units last Sunday.

William Wurz, a member of a party of eight hunters from the San Francisco area, notified the Plumas County Sheriffs office late Saturday night that Oscar Baledé, 37, of the San Francisco area was last seen Saturday around four o'clock in the vicinity of the Walker Mine tailing-pile.

Sunday afternoon the Plumas County Sheriffs Office alerted the Search and Rescue teams in Quincy, Portola and Greenville. Members of the Explorers Boy Scouts, Jeep Squadron and Horse Posse were called for duty.

As the various teams were departing from the respective headquarters a call to the Plumas County Sheriffs Office indicated Oscar Baledé had been found and was safe and sound.

FISH AND GAME MEET

Jim Martin announced the Plumas County Fish and Game Commission will meet in the Supervisors Room, Quincy on Friday, November 1 at 8 o'clock P.M.

Representing Plumas County at the State Chamber of Commerce Industrial Development conference in Sacramento Tuesday, October 29, was C. L. Peckinpah, Manager of the Plumas County Chamber of Commerce. Called upon to report Plumas County progress, Peckinpah called attention to the lumber industry which provides the County's economic stability, and to the progressive strides in the County's recreational potential. He reported the mills of Plumas County will cut 200 million board feet this year and to step up efficiency, gain better utilization and to increase production, Plumas County saw mills have expended \$2,575,000. Supporting this figure, Peckinpah pointed to the new Collins Pine Particle Board Plant at Chester, costing 2 million. This plant provides an additional payroll for 40 men and its output in 1963, its first full year of operation, 24 million square feet of particle board figured on the standard 3/4" thickness.

The Plumas County representative also reported that the moving of the Sacramento Valley Moulding Company plant from Chico to Crescent Mills, at a cost of \$150,000, has provided an additional year round payroll for 36 men.

Improvements made by other mills include \$175,000 at the Sloat Plant of Feather River Lumber Company; \$125,000 at Plumas Lumber Co.'s Genesee Mill; and \$125,000 at the Cheney Lumber Company's plant at Greenville.

Greatest industrial progress in Plumas County, the report continued, is in the recreational industry where a total expenditure in the last two years by P. G. & E. and State Dept. of Water Resources of more than 10 million has been expended for dam construction and installation of recreational facilities.

This, together with additional Feather River Project up stream developments, has greatly increased Plumas County's recreational potential. It has already had its effect and 1963 has been the greatest recreational year ever experienced in the County.

Peckinpah declared in closing that the County's economy has a bright future, and that good planning will provide for orderly economic progress.

FOR SALE: 1960 Flamingo Trailer-house. 10 wide, 54 ft. 3 bedroom, wall to wall carpet, strictly modern, 3-axle, will sacrifice for quick sale. Terms. Box 32 Virgilia.

Canyon News

by Bell Penland
P. O. Box 32
Virgilia, California

A farewell party was given for Bill Bullard and Lucille Dodson at Fireside Lodge, Sun. Oct. 6., Ella Mae and Frank Gerlinger of Redding furnished the cake and gifts were distributed.

Bob O'Neal of Hot Springs had a spot o' luck and bagged not only a deer (forked horn) but also a bear. Jerry Kenyon who was hunting with Bob, also got a bear.

Helen & Jesse Miller and daughter J.J. of the Cottonwood in Greenville accompanied by Bill and Ollie Fuller and Pat Hatch were guests of Erma & Bryan Caldwell for dinner at Fireside Lodge Fri. night Oct. 11th. Pat Hatch is the daughter of Mr. & Mrs. Harvey Foster of Grays Flat.

"Rusty" Dodson has returned from Klamath Falls, Ore. and is now bartender at Fireside Lodge on week ends. Rusty grew up in the Canyon area. Welcome home, Rusty.

Mr. & Mrs. George Hale, of Maxwell, accompanied by Bill Bohne of Dallas Texas were among the deer hunters in the Canyon. They were spotted at Jack's Place as George entertained with guitar & songs.

Eunice Gregory, of Grays Flat, bagged a forked horn Sat. Oct. 12th. Her husband "Blackie" reports he is still looking for that "big" one.

Max Edmonds of Rock Crest Camp & party, reported four nice bucks from Northern Nev.

Joe Riolo, of Richmond, came up to spend a week-end at his cabin on Rush Creek. Due to recent rains his car slid off the road and a tree had to be removed before Joe could resume travel.

Seeing snakes? Augie Eddlebottle of Grays Flat went deer hunting and brought in a "rattler" The snake is presently residing in a glass jar at Augie's home. The neighbors are contemplating a move, for fear of "breakage". Thus reported one frightened nabor.

Mr. & Mrs. Delbert Lawrence of Rock Crest, were startled when a rock weighing approx. 1,000 pounds tumbled down from the railroad tracks above their home; to come to rest near their bedroom.

John Rieth, Pete Shultz, & Mark Peachin, all of Lodi, were up to catch some Canyon trout. They reported they caught 2 limits from the North Fork. They are staying at Yellow Creek Inn, as has been their custom for the past 20 to 25 years.

Fishing in the Canyon area as reported by A.C. Heriot of the Carriban Trailer Court; Trout 14 to 16 inches are being taken with worms and eggs from North Fork. Mill Creek, near Rich Bar is good with eggs, and Chips and Yellow Creek good with bugs, eggs and worms.

Evan & Carrol Thompson of Beatty, Nevada, are honeymooning in the Canyon. Evan is a former resident of the Canyon area and attended the schools of both Quincy & Greenville.

Carrol was formerly of Red Bluff. Evan's grandparents, Tom and Mary are the owners of that most famous "Bottle House" in Rhyalite, Nevada. The house is built of approx. 50,000 bottles.

Burdette Risly of Virgilia, visited with his mother, Mrs. Hilda Shott of Nevada City.

Carl Geddis, of Mill Creek, reported that he killed a three point buck this week in the Longville area.

Challace & Neil Lockwood and daughter Gail, of Roseville, visited with the Geddis family on Mill Creek.

Max Geddis of Mill Creek is attending College at La Junta, Colorado.

Jo Anne Beer was given a surprise birthday party on her 18th birthday. Jo Anne is the daughter of Mrs. Jan Folla, of Rush Creek and is currently attending S.F. State Teachers College.

Emma E. Chichester, Miami Florida, age 95, passed away Tuesday, October 15th.

Emma was the mother of 'Chic' Chichester of Virgilia.

Claude Longacre & Gordon Herring of Chico, have been clearing P.G.&E. right of way in the Canyon for the past 2 months. They are employed by the Davy Tree Surgery Co. Ltd. of San Francisco.

HISTORICAL SOCIETY MEETS

President Mrs. Margaret Mason of Sloat presided at a meeting of the Board of Directors of the Plumas County Historical Society held in the county fairgrounds office on Wednesday evening Oct. 16th.

Directors present included Mrs. Tannia Hodges of Lake Almanor, director at large; Mrs. Florence Dedmon of Belden, director for the Keddie and Feather River Canyon area; Mrs. Ruby Jeskey of Quincy, director for Quincy and the American and Meadow Valley sections; Bruce Bidwell of Greenville, Indian Valley area director; Mrs. Louise Vance of Portola, director pro tem for Portola and Sierra Valley; and Mrs. Margaret Mason of Sloat, director for Mohawk Valley, Spring Garden and La Porte. Mr. John Masson director for the Chester and Lake Almanor area was absent and sent his resignation as of September 2.

The meeting was turned over to Mrs. Hodges acting

as temporary chairman and to Mrs. Theta Brown acting as temporary secretary in order to establish the articles of Incorporation. The articles were read and approved and then the meeting was returned to the existing officers as reinstated and accepting their appointments and they again took office.

It was moved and seconded that the resolutions be adopted as by-laws of incorporation and the seal of incorporation was accepted by the directors.

Minutes were read and approved as read by Mrs. Theta Brown, secretary, of Cromberg. Mrs. Frances Gard, treasurer, from Quincy, also gave her report to the committee on the financial status of the society.

A letter was read from Mr. John Masson tendering his resignation and was accepted. The first prize money which the society's booth won at the August Fair was voted to be placed in the Museum Fund, adding \$100.00 to it.

The Board of Directors also voted to have reprints made of publications No. E and 6. Publication No. 2 which has also been sold out will later be incorporated into future issues of the booklets.

Mrs. Truman Gould of La Porte had typed up a list of Cemeteries in the La Porte area and had sent it to Josephine Moore, County Librarian, who in turn presented it to the Plumas County Historical Society.

Tentative dates for the society's 1964 calendar: April-Sloat area with Mrs. Margaret Mason in charge. June-Plumas County Picnic with Mrs. Ruby Jeskey of Quincy in charge.

July-Chester. Sept.-Keddie with Mrs. Florence Dedmon in charge.

Reformation Rally Day Service will be held at Our Savior Lutheran Church in Chester on November 3rd. Services will be held at 11 00 A. M. Potluck dinner will be served at noon. The motion picture 'Martin Luther' will be shown at 1:30 P. M.

Mrs Earline Moffitt & Mrs Laura Meusling of Chester went to Red Bluff Calif. to get Mr Carl Folkers last Thursday. Mr Folkers is Mrs Meusling Cousin. Mrs. Moffitt & Mrs Meusling spent Wednesday night with Mrs Velma Freemeyers. Mrs Freemeyers is a former Chester resident.

Mr & Mrs Paul Meusling of Chester, Calif. and Mr Carl Folkers spent the weekend in Sacramento, with Mr & Mrs Ronald Meusling and children.

Mrs Bethel Eubank and Mrs Genevive Looney of Chester went to Sacramento last Friday and spent the weekend. Mrs Eubank spent the weekend with Mr and Mrs Frank Bouyer and children and Miss Willie Eubank.

Hilda Davies & daughter Amber, of Canyonam, accompanied by Mrs. Mary Meeker & son, Tommy, of San Francisco, drove to Reno for a bit of shopping. While there they visited with the Dick Neels family of Sparks. The Neel family is formerly of Canyonam and Greenville area. While the women were away, the men went deer hunting in the Walker Mine and Dyer Mountain area.

Mr. Fred Cronemiller, retired U. S. Forest Service of San Francisco visited with Dolores Kelton of Canyonam. Fred and Dolores have been friendly associates on many matters pertaining to fish and game and forest service activities.

Lightning Likes Oaks

Oak trees more than any other kind of tree are struck with the greatest frequency by lightning. After the oak come the elm, pine, ash, poplar, and maple.

High School 'Hi Lites'

By Bonnie Barnes

Our Homecoming week ended last Friday evening in a blaze of glory as our Quincy Trojans scalped the Greenville Indians: the final scores were Quincy-25, Greenville-6 for the Jr. Varsity game, and Quincy-39, Greenville-6 for the Varsity game.

Just before the Varsity game, Karen McKevitt and Karen Boss, representing the Rally Committee presented a large Trojan Banner to Phil Intorf and Phil Spears, football team captains representing the school. It is a white Trojan on a field of red.

During the half-time of the Varsity game, the oldest registered alumni of Quincy High School were recognized and awarded. The oldest female graduate recognized at the game was Ivy Grover, class of 1931. She received a beautiful corsage. The oldest male graduate was Douglas Redstreak class of 1928. He received a boutonniere.

The second part of our half-time activities was the crowning of our Homecoming Queen for 1963. The Queen was Nancy Peterson, the Senior candidate, and her Princesses were Janet Reid, Junior class; Theresa Simmons, Sophomore Class; and Charlotte Cooper Freshman Class.

Corsages were given to the Princess' escorts by the emcee, Student Body President Dave Janes, and the escorts gave them to the girls. Queen Nancy Peterson was presented with a bouquet of red roses by her escort, Phil Intorf.

The winner of the essay contest, sponsored by the Free and Accepted Masons, District No. 118 will be announced tonight, October 30, in the Quincy High School cafeteria at 8:00 P.M. This contest titled "Our Constitution and What It Means to Me" was open only to high school Seniors taking American Government.

The G.A.A. and Block "Q" Dance, originally planned for Friday, November 1, has been postponed to Friday, November 15.

"The Reorganized Church of Jesus Christ of Latter Day Saint's. World Headquarters at Independence, Missouri, U.S.A. True Successor of the Original "Latter Day Saint Church", organized by Commandment of God April 6, 1830 by Joseph Smith the Martyr. Born December 1805. Killed by mob June 1844.

"On the marriage question his position was clear; that Polygamy is abominable in God's sight."

"Joseph Smith-The Eldest Son, who, in harmony with the law of the Church, and by revelation, was set apart as his father's successor to lead the church. Died December 10, 1914, after fifty-four year's leadership.

"Frederick M. Smith-Third in line of descent, was leader from May 5, 1915, Died March 20, 1946, After 31 year's of leadership."

"Israel A. Smith, Fourth in line of descent, was leader from April 7, 1946, killed in auto accident June 14, 1958, After twelve year's nine week's of leadership."

W. Wallace Smith, Fifth in line of descent, leader of the church today. Ordained October 6, 1958.

Our three standard Book's are; The Bible, Book of Mormon and Doctrine and Covenants.

We believe in One Supreme God. Malachi 3:6 I am the Lord, I change not.

We believe in Monogamy, one wife one husband.

There are no Secret Temple worship's. In fact there are no Secret teaching's or meeting's of any kind in this R.L. D.S. Church. Nor has there ever been.

Please Do Not confuse us with the 'Utah Mormon Church' There are many differences.

All are welcome at any of our meetings.

For further information contact: Mr. & Mrs. C.W.Detrack, Rte. 1 Box 184. Quincy, Calif. Phone 223.

HIGHWAY COMMISSION VISIT AND TOUR

A public reception luncheon honoring visiting members of the California Highway Commission will be held Thursday October 31 at Hotel Quincy in the County Seat. This was announced earlier by E. K. Murray, President of the Plumas County Chamber of Commerce. This luncheon is open to the public and people from every area of Plumas County are urged to attend to meet and talk with Highway Commission members. E. J. Humphrey, Chairman of the Plumas County Board of Supervisors declared at Supervisor's meeting in the County Seat Monday, "the Commission's visit to Plumas County, October 31, honors this section of California and it is my hope a representative group of Plumas County people will be on hand to greet them."

Murray said the luncheon will take place at 12:30 in the Quincy Hotel banquet room and that luncheon tickets will be \$2.00 each. Ladies are welcome, Murray said, pointing out that a number of wives will accompany the visiting Highway Commissioners.

In the visiting party which will be guided through this area by State Senator Stanley Arnold are: Robert B. Bradford, Chief of California's Highway Transportation Agency; Director of Public Works, John Errica, who serves as Chairman of the State Highway Commission; and Commission members Abraham Kofman, San Jose; W. S. Whitehurst Fresno; Ames Guthrie, San Bernardino; Frank Payne, Los Angeles; and Roger Wooley, San Diego. Other State officials accompanying the party are: J. C. Womack, State Highway Engineer; and Herbert Miles of Redding, District Highway Engineer.

Schedule for the visitors call for inspection of Highway 89 problems in Mohawk Valley - storm damage to bridges in the central area of the County; new bridge add one mile of highway construction at Canyon Dam on Highway 89, and the east side Lake Almanor highway taken into the State System earlier this year.

'Tailgating' Fatal

"Tailgating" — following too closely—causes more fatal automobile accidents than any other violation of traffic rules, the New York City Police Department reports.

When following another car remember to keep your distance.

High School 'Hi Lites'

By Pennie Burris

This Friday, November 1, will be the end of the first quarter. Report Cards will come out next Wednesday, November 6.

The College Board Examinations for Seniors will be held next Saturday, November 1, in the Quincy High School Library from 8:30 A.M. to 12:00 noon. Students participating will be pre-registered Seniors from the Plumas Unified School District.

For those students unable to take the examination Saturday, there will be another one on Dec. 7, and registrations close on Nov. 9. These are the qualification examinations for any state scholarships.

SMALL BUSINESS LOAN PLAN REVEALED

Forty Six people from 15 Plumas County communities gathered at the Plumas County Fair Mineral Building the evening of October 17 for the first hand information about the services of the U. S. Small Business Administration. Mr. Ray S. Harman, Field Representative of the S. B. A., San Francisco Regional Office, was on hand to answer all questions.

Pertinent facts which came out of the meeting were:

1. S. B. A. services definitely do not compete or conflict with services offered by local banks.
2. If a loan is desired, applicant must first state his needs to his local banker. If the bank can accommodate him, he should get the financial assistance from that source. However, if the loan applied for cannot be granted by the bank, applicant is so advised by letter. This letter is then submitted to S.B.A. with application for loan which, if secured by the required collateral, may be granted. S. B. A. collateral requirements are less than required by banks.

Loans may be jointly granted by bank and S. B. A. under certain conditions.

Many facets of S. B. A. services were revealed by Harman during his presentation and during a very lively question and answer period.

Wish I'd SAID THAT

"How come the refrigerator at home is never as full as the one in the ads?"—George J. Melvin, Claysville (Pa.) Recorder.

"Ever notice how a June moon affects automobiles?"—Virginia Gaskill, Pennsburg (Pa.) Town and Country.

"People who say they tell only little white lies must be color blind."—Kenny Bennett, Greencastle (Ind.) Putnam County Graphic.

"Any child who gets raised strictly by the book is probably a first addition."—Lee R. Fleming, Zion-Benton (Ill.) News.

"It doesn't make much difference which side our bread is buttered on because we eat both sides anyway."—E. M. Remsburg, Vista (Calif.) Press.

"Mark my words — when they all get together for the reunion of old high school grads, there'll be at least one who bounces up to you with: 'I'll bet you don't know who I am!'"—Charles Crawford, Lawrenceburg (Tenn.) Democrat-Union.

"We'll say one thing about the good old depression days. You could get your leaves raked."—Louis Nelson Bowman, King City (Mo.) Tri-County News.

LOCAL NEWS ITEMS

Father Charles M. Fagan, St. Johns Catholic Church returned last week from a Retreat in the Sacramento area. Father Fagan will start a special series of radio programs on KQCY Radio November 4th at 7:30 A.M.

C. L. Peckinpah, Manager of the Plumas County Chamber of Commerce, traveled to Sacramento to attend the State Chamber of Commerce meeting.

Mr and Mrs James V. Moore, former owners of the Spanish Creek Motel visited in the Quincy area over the weekend. The Moore's recently sold their motel to Mr and Mrs William Kiewatt. The Moore's have just returned from a round-the-world trip that included stops in Japan, China, a trip by auto thru Italy, Europe and Scandinavian countries. The Moore's departed via steamship from Holland and passed thru the Panama Canal on their way home to complete a five month trip abroad.

Minister Leonard Clark Robinson, Elizabethtown, Katanga Congo was guest speaker at the weekly luncheon meeting of the Quincy Rotary Club Monday. Minister Robinson highlighted some of his experiences on hunting trips in the Congo. While in the Quincy area Minister Robinson is a guest of Mr and Mrs Herb Wardman.

Mr and Mrs Ervin Graf of Hawthorne, California, left Plumas County Monday after a productive week of photography in the Lake Almanor, Bucks Lake and Feather River Canyon Areas. The Graf's photography hobbyists, were enthused with having captured some outstanding autumn colors. Mrs Graf who is this year's President of District 18, California Federation of Women's Clubs, is to attend the organization's state board meeting in San Francisco, October 29-30 and 31. Of interest to Plumas County people is that the Graf's, both enthusiastic conservationists, have taken up the fight to Save the Middle Fork from exploitation by the Richvale Irrigation District. Mr. Graf, a retired engineer, is an associate member of the National Wild Life Federation, and an enthusiastic member of the "Save the Middle Fork League."

Goleta Indians Date Back 7000 Years

SANTA BARBARA—Although students at the University of California's Santa Barbara campus have been pursuing academic studies at the seashore site in the Goleta Valley for less than ten years, it has recently been reported by archaeologists that man has inhabited this area for at least 7,000 years.

Dates on shells recovered from an archaeological excavation carried out by University of California, Santa Barbara, students under the direction of Dr. Roger C. Owen, assistant professor of anthropology, range from 7,270 to 6,380 years before the present.

The area excavated is referred to as the "Glen Annie Canyon Site." Most of the shell specimens, dated by means of radio-carbon analysis at the UCLA laboratory, were recovered from around Indian burials. Analysis of the material recovered from the excavation indicates that the site was probably a temporary campground employed by people coming to the Goleta slough to find food, probably sea mammals, fish and shelled organisms. Typologically, the "culture" of the people falls into what is locally called "Oak Grove."

The early dates are not a surprise, states Dr. Owen. Previous work done in this area under the direction of Phil Orr of the Santa Barbara Museum of Natural History, has demonstrated the antiquity of man in the Santa Barbara region, although no such early dates have been before obtained specifically for the Goleta Valley.

The Old Timer

"The rich may not live longer but it certainly seems so to their poor relations."

CAT CHAT

by Dr. E. M. Gildow, Director, Friskies Pet Food Research Center

DID YOU KNOW?

AFTER THE GREAT CHICAGO FIRE, THE POST OFFICE CAT WAS DISCOVERED IN A PAIL OF WATER AMID THE BURNED WRECKAGE OF THE BUILDING. SHE HAD OVERCOME HER STRONG OBJECTION TO WATER AND SAVED HER OWN LIFE.

Canyondam News

Mr and Mrs Victor Kubillus, of Sacramento, have returned for their second trip this year to try their luck at Lake Almanor fishing.

"Mom" and "Pop" Little, of Canyondam, have gone to Utah for a deer hunt. Good-Luck!!!

Mr and Mrs Stewart, of "Lake Cove" have returned from a Nevada deer hunt. Both reported that they got their deer.

Mr T. E. Kelly of Palo Alto spent the summer at the home of Mr and Mrs H. E. Kelly of Canyondam. Mr and Mrs H. E. Kelly are formerly from Oakland, and have recently built a new place of business at Canyondam. Wel-Come to the community Mr. and Mrs. H. E. Kelly.....

FLASH....Hesseeburg & Judy may move again..... it was reported that Mr. and Mrs. George Hessee have moved from their home on Bush Street to a new residence on Main Street in Greenville.

Helen Miller and Evelyn Hopkins of Greenville, went deer hunting and were spotted around town with a couple of nice "Racks" in the back of their pick-up truck. Close investigation disclosed that the "Racks" were mounted deer heads, with coats, blankets etc. to cover the deer. WHOSE FACE WAS RED?

The Journalism Class of Greenville High School, journeyed to Stockton for a press conference. The seven students attending were: Minnie McIntosh, Morris Manninen, Laura Grigby, Judy Anderson, Terry Hall, Mike Junter, and J.J. Miller. Their bus drivers were, Mr. Wiebe, teacher of the Journalism Class, and Mr. Alexander, also a teacher. All were treated to a luncheon at the Delta College in Stockton.

Jack Hopkins of Greenville has a new ---Toy! he has just become the father of a new log-loader, have fun Jack!

The Birthday Club gave a birthday party for Jane Evans at their Valley home near Greenville. Those attending were; Geneva Edwards, Ollie Fuller, Bea White, May Beardsmore, Mary Alshu, Eathel Hargrove, Joyce Fife, and Clara Bowers, all of Greenville. Clara Bowers brought guests with her from Klamath.

INDIAN VALLEY

The Mount Jaura Gem and Mineral Society reported they were holding a meeting Monday night, the 28th of October at the Taylorsville Methodist Church recreation hall at 8:00 P.M.

Aldo Sorceli of Taylorsville and Mr McClean of Healsburg have returned from a hunting trip near Elko, Nevada. Mr McClean bagged a four-point.

Our annual Homecoming Dance was held last Thursday evening, as planned. The Junior Class won the class skit competition, and gave their skit again Friday afternoon for the whole student body at the Pep Assembly.

Byron and Erma Caldwell wish to thank all their friends and patrons for their fine attendance at their Grand Opening Halloween Ball.

EAST QUINCY SERVICES

Informational Brochure

The East Quincy Services District is sending you this informational brochure in order to better acquaint you with YOUR WATER SYSTEM now under construction.

Construction of your water system was commenced in October 1963. The system will consist of approximately 9½ miles of 6 inch, 8 inch, and 10 inch diameter cast iron water mains; two 12 inch diameter wells with a total pumping capacity of 700 gallons per minute; one 800,000 gallon reinforced concrete storage reservoir; and 53 fire hydrants. A District Office and Maintenance Building will also be constructed. Your water system will make water available to every developed property in the District, and will provide a high level of fire protection.

Normal service pressure in the system will vary, depending on elevation, from 32 pounds per square inch minimum to 100 pounds per square inch maximum. Normal service pressure in the principal residential and commercial area will be approximately 75 to 80 pounds per square inch. You are advised that there are certain areas within the District where pressures may be higher than recommended for certain plumbing fixtures. It is suggested that you ask your plumber, at the time your house connection is made, whether a pressure reducing

valve is desirable for your service.

The construction now in progress is the culmination of several years work on the part of local citizens who wished to see their community receive the benefits of a safe and dependable water system. District wells are to be constructed in locations and to depths where an adequate supply of pure water is assured. No chlorination of District water supply is anticipated. In addition to providing a safe water supply for consumptive use, which is expected to reduce the exposure to such public health problems as hepatitis or more serious water-borne diseases. Your water system will permit the elimination of costly individual wells and pumping systems. It is estimated that the total cost of operating and maintaining a private well water supply may run 50 to 100 per cent greater than the cost of water at the District rate, not considering the additional benefit to be received from possible reduction in fire insurance rates.

It is estimated that fire insurance rates will be decreased at least 50 per cent for buildings and 40 per cent for building contents, based on present insurance rates. The cost of construction of your water system will be nearly \$500,000.

Financing of the project has been made possible as a result

of your approval of the sale of District General Obligation Bonds. Further financing assistance has been received in the form of a Federal Grant under the Accelerated Public Works program in the amount of \$271,500.

In order to apply for water service, fill out the attached application form with either payment in full, or with a minimum partial service connection charge payment of \$10.00. The District will permit the balance due to be paid in regular monthly amounts not less than \$10.00. No water service will be turned on until the District has received payment in full of the service connection charge. Include with your application a sketch, if you wish, indicating preferred meter location along your frontage.

Applications should be filed promptly to insure qualification for the reduced construction period connection charge.

It has taken much hard work to bring pure water in dependable quantity, to your door, we hope you use it and enjoy it.

EAST QUINCY SERVICES

Forward Plumas County

Every since the days of the earliest recorded California history, water has played an important part in the 'progress' of the state.

Water for the growth of crops, for mining, for transportation, for human consumption and for industry. Water plays an important role in our everyday life, directly or indirectly.

With the future of Plumas County and East Quincy in mind the East Quincy Services Water District came into being. A dream at first, then after years of hard work and planning the completed project.

East Quincy, Plumas County, has taken a step forward and progressed with the dedication of this system. This can only be the start of greater things. For it is said, 'From little acorns, big oaks grow'.

Not only with the new improved water system will our homes and business places have adequate supply and pressure, but in case of fire the 'supply' will be there.

Industry, large or small, depends on water. An expanding community depends on water. Now that we have this precious commodity ready for our use let's not stop there with the dream. Let's continue to go forward and develop our natural potential and while doing so, preserve our natural beauty for generations to follow.

So many have done so much to establish the East Quincy Services Water District that it is impossible to salute in print anyone individual, for what has been done is bigger than words can describe here. It is here for all to see, use and benefit from. KQCY TIMES is proud to bring this Dedication Issue to the entire community.
